TRANSPORTATION.

EUROPEAN IMMIGRATION

TO THE

CANADAS & WESTERN STATES!

—BY—

Train & Co's Line.

ENOCH TRAIN & CO., Proprietors of the Boston and Liverpool Line of Packets, hereby give notice that they have made extensive arrangements with the Western Rail Road Corporations, in connection with the Rail Roads in the Western States, and Steamboats on the Lakes, for the forwarding of *pre-paid passengers* from Boston to the Canadas and Western States; and are now selling at their office in Boston, and at their *authorized agencies, pre-paid certificates of passage* as follows:

From Liverpool to Boston,		$18 00
"	Albany, N. Y.,	19 00
"	Buffalo, "	22 00
"	Kingston, C. W.	22 50
"	Columbus, O.	24 00
"	Montreal, C. E.	24 00
"	Toronto, C. W.,	24 00
"	Hamilton, "	23 00
"	Cleveland, O.,	23 50
"	Sandusky, O.,	23 50
"	Detroit, Mich.,	22 00
"	Cincinnati, O.,	24 00
"	Chicago, Ill.,	25 00
"	St. Louis, Mo.,	25 00
"	Milwaukee, Wis.,	25 00

Children under twelve years of age at the time of embarkation, five dollars less than the above; and infants under twelve months thirteen dollars less than the above named prices, to Boston or Albany, and other places in proportion; but we will not issue a pre-paid certificate for children under twelve years of age, unless accompanied by a passenger over twelve years, who must be paid for at the same time and on the same certificate.

The above prices embrace a steerage passage from Liverpool to Boston, by any of our Splendid Line of Packets; provisions at sea according to the undermentioned dietary scale; doctor's attendance and medicine on board when required; port charges in Boston, and all the charges of transportation of passengers and baggage from the ship at Boston, to the destination agreed upon.

In addition to any provisions which the passengers may themselves bring, the following quantities, at least, of water and provisions will be supplied to each steerage passenger of twelve years of age and over, every week during the passage, commencing on the day of sailing, and at least three quarts of water per day:

Two oz. of Tea; 2 oz. of Sugar; 5 lbs. of Oatmeal; 2½ lbs navy bread; 1 lb. wheat flour; 2 lbs rice.

Children under twelve years of age (not including infants,) one half the above quantities of bread stuffs per week, the usual allowance of water, and half allowance of Tea and Sugar.

☞ As soon as our Liverpool House informs us per steamer of the names of *pre-paid* passengers embarked, we publish their names in the *Boston Papers*, and also notify each purchaser of *pre-paid certificates*, either directly or through our agents.

On the arrival of any of our ships in the outer harbor, we immediately dispatch an agent on board, to give prepaid passengers the necessary instructions regarding their route westward.

Bedding and utensils for eating and drinking, must be provided by passengers; and those going to the Canadas, or Western States, must furnish their own provisions from Boston.

TRAIN & CO., of Boston, inform those who take an interest in the welfare of immigrants, that as owners of the over LIVERPOOL AND BOSTON PACKETS, they have determined that their Immigration business shall be conducted in their own name, on their own responsibility, and by themselves or their immediate servants.

In calling public attention to the subjoined list of the Ships which comprise our Boston Line of Packets, we believe that its general reputation *as the best of American Ships* is sufficiently well known and established. The Thousands of letters which have been sent to America from Immigrants to their friends in every part of Europe, have borne ample testimony to the rapid and successful passages made by those Ships, and to the superior Health, Comfort and safety which characterize their internal economy. Many of them will be recognized as vessels which have gained the very highest character, by a succession of unusually rapid passages.

Packet Ships which are dispatched in this LINE:

STAR OF EMPIRE,	Capt. BROWN,
NORTHERNER,	THAYER,
FRANK PIERCE,	HARDY,
PRESIDENT,	CUMMINGS,
CHARIOT OF FAME,	KNOWLES,
STAR OF EMPIRE,	RICHARDSON,
PARLIAMENT,	SAMPSON,
NORTH AMERICA,	DUNBAR,
DANIEL WEBSTER,	HOWARD,
BENJAMIN ROCK,	CALDWELL,
SUNBEAM,	PUTNAM,
LEVI WOODBURY,	NICHERSON.

These Ships, when in the Line, sail from Boston on the 5th of each month, and from Liverpool each week during the year, and are distinguished by a Red Flag with a White Diamond.

OFFICES:

Enoch Train & Co., Nos. 37 and 38 Lewis Wharf, Boston, Massachusetts.

Train & Co., Passage Offices, Nos. 119 & 119, Waterloo Road, Liverpool, Eng.

Train & Co., No. 121 St. Patrick Street, Cork, Ireland.

These magnificent Ships are ALL AMERICAN BUILT and constructed expressly for Packets. They are all new and of the FIRST CLASS, being built on the most improved principles and of the best materials. They possess all the modern improvements which conduce to health and comfort, as a superior system of lighting and ventilating; the very best provisions, and a careful and experienced Surgeon is attached to each Ship, and ample expense is spared to render this the best and most comfortable conveyance to Europe. As Train & Co. have made such arrangements in Liverpool as will PROTECT their friends from the frauds and imposition sometimes practiced there, they believe that those who pre-pay passage cannot but see the advantage of being able to engage with a Respectable House, on favorable terms, for a well known Line of Magnificent Packet Ships, and in that way avoid the disrespect, annoyance and delay which they so often experience, in dealing and engage with Agents who are but slightly connected with transient Ships.

As a portion of their Immigration business is conducted on principles uniformly Honorable and Humane, and that they have been distinguished for the most exact fulfilment of all their engagements, we are permitted to refer to the very Rev. THEOBALD MATHEW, Cork, Ireland, and

NEWS OF THE MORNING.

A variety of important news, foreign and domestic, will be found under the Telegraphic head. The Pacific brings some interesting intelligence from Europe and the rumor of a bloody conflict on the Danube. Breadstuffs had again advanced, under the reported closing of the Russian ports on the Black Sea. The California news is highly encouraging. NEBRASKA has received a severe blow in the House, from which it will ha dly recover this session. President PIERCE, if ex-Senator Clemens may be believed, has been making some queer statements about this bill. Both parties claim to have carried the lower house in New Hampshire.

LEGISLATIVE—THURSDAY. Senate passed the resolution authorizing state Treasurer to pay school monies to delinquent counties by drafts on the county Treasurers. Also bills, among others, changing name of Wisconsin Health Insurance Co. to "State Insurance Co.," and authorizing towns in Marquette Co. to aid Railroads.

The Assembly refused, 19 to 51, to go into election of Emigrant Agent. Also passed numerous bills, among them one giving 24 peremptory challenges to prisoners on trial for homicide, and one relating the offices of Deputy Treasurer and Deputy Sec'y. of State.

The House also refused to make the Swamp Land Bill a special order, made the Capital Punishment bill the order for Friday evening, passed a resolution restricting speeches to 10 minutes, killed the *bogus session* appropriation, the biennial session bill, the bill paying the Senators on the Impeachment $260 each, the Nisg's ship canal land memorial, and the Kenosha Guards appropriation; and Mr. Hale barely saved the resolutions endorsing the National Administration from being slaughtered, by getting them into his pocket on a reference.

The Valley Railroad Grant--Janesville.

The Janesville *Standard* takes somewhat to heart the defeat of the Valley Road Land Grant, but assures us that it will not kill Janesville. We never supposed that it would. Indeed we believe that Janesville, with the rest of our State, has a direct and lively interest in opposing the Land Grant policy. The *Standard* is rather disposed to hold Milwaukee responsible for the defeat of the bill and warns even this wise:

The people of Milwaukee will probably regret this matter in time, for none want appropriations more than they, and of course none are more jealous of any other appropriations; but though they may hereafter, and will ask; their own acts will be a bar to their obtaining grants.

We shall be right glad to find this "bar" effectual. Certainly, after opposing the Valley road grant, we could not, in reason, ask for a slice of the Public Lands to build any of our roads. As for "appropriations," Milwaukee only asks such as it is within the power of Congress to give, for Harbors, Lighthouses, &c. and so far from being "jealous" of others obtaining similar appropriations would rejoice to see them dealt out with a liberal hand to all who ask or need them. The idea held out by the *Standard* that Milwaukee has any unkind or unneighborly feeling towards Janesville, is sufficiently answered by the fact that we have built a Rail Road on purpose to reach Janesville and stand ready to put it *right through* to the Mississippi, by way of Janesville, the moment our friends there will allow us to do so. So far then from wishing ill to Janesville, Milwaukee has every possible motive and interest for desiring and promoting her prosperity.

JUDICIAL ELECTION.—The Beaver Dam *Republican* brings us the proceedings of the Democratic Judicial Convention held at Fox Lake, on Tuesday last. Mr. BLAIR was nominated on the second ballot, receiving 11, out of 20 votes. The *Republican* warmly endorses the nomination.—*Per contra* the *Wisconsin* gives Mr. BLAIR the "cold shoulder," and a correspondent predicts his defeat. The election comes off week after next.

COSSACKS IN CANADA.—The Detroit *Inquirer* thus accounts for the very probable rumor, which has been travelling the rounds of the press, about a Russian project to invade Canada, from the United States:

The above despatch originated from the fact that Barnum has sent a couple of Yankees out to capture and bring over a regiment of Cossacks, as auxiliaries to his museum, and as a traveling exhibition. His design is to take them through the States to Quebec, and his confident prediction that they would "take the town" led to great consternation in that exposed and unprotected city, as well as in Montreal.

RETURNED.—Sheriff Page and Deputy Sheriff Beck returned from Waupun Thursday evening, having safely lodged their seven prisoners in the penitentiary. The number of criminals in Waupun prison is 65.

BARK BADGER STATE.—The Detroit *Advertiser* of Wednesday last says that the *Badger State* (now in Detroit River) is getting her sails and rigging ready for an early start towards the upper lakes.

SUICIDE IN JAIL.—The Chicago papers of Thursday report the suicide in jail of a young man recently arrested upon a charge of forgery. His name was *Nicholas Lawrence*, a resident of Ohio and respectably connected.

MAINE LIQUOR LAW IN NEW YORK.—The New York Assembly have passed the Maine Liquor Law, 78 to 42. It had already passed the Senate 21 to 11. If approved by the Governor, of which there is some doubt, it will go into effect May 1st.

HOW THE NEBRASKA BILL WAS FLOORED.—The following were the proceedings in the House of Representatives on sending the Nebraska Bill to the Committee of the Whole:

Washington, March 21.

Mr. Breckenridge moved that the House go into committee of the whole, and take up the Custom House and Marine Hospital bill, which was lost.

Mr. Richardson moved that the House go into committee of the whole on the State of the Union, with the design of reaching the Nebraska bill, which motion was lost, yeas 83, nays 108.

The House then proceeded to take up the business on the Speaker's table, and after disposing of several small bills, reached the Nebraska and Kansas bill, which was read amid much excitement.

Mr. Richardson moved to refer it to the Committee on Territories.

Mr. Cutting moved to refer it to the Committee of the Whole, which motion was opposed by the friends of the bill, as an effort to bury it beneath the mass of business already before the Committee.

Mr. Cutting called for the previous question on the motion to refer the bill to the Committee of the Whole: the call was sustained, and the bill was referred to the Committee of the Whole—yeas 110, nays 95. The opponents of the bill manifested great joy, and the friends of the measure great disappointment at the result. The bill is thus placed No. 50 on the calendar of the Committee of the Whole; the similar bill introduced in the House is No. 21 on same calendar, and all other bills preceding these must be either laid aside, or otherwise disposed of before either of the Nebraska bills can be reached. Except a majority determine otherwise, neither of the bills can be reached before the middle of the next session.

Legislative Matters.

EDITORIAL CORRESPONDENCE OF THE SENTINEL.

MADISON, March 21st, '54.

To my very agreeable disappointment, the roads between Stoughton and this place, were in very good condition yesterday, and our four coaches well filled with passengers, mostly members returning to their posts, bowled along merrily, and brought us here by 4½ P. M. Returning to my post again, I do not find that business is much further advanced than when I left, four weeks since. The files of both houses, and the committees of both houses, overflow with bills, which have reached, in both houses, to over 700 in the aggregate; and more than 450 of these are yet on hand. Of course the large majority of these will obtain no action, for the Legislature adjourns on the 3d of April—a week from next Monday.—Yet there is a vast amount of really important business still to be done; business which will not be done, if the time of the House is wasted, as it has been this morning, in long speeches upon bills with regard to which every member is prepared with a vote.

The Senate had no quorum this morning, and adjourned to meet in the evening.

In Assembly, numerous bills were presented, among them several of considerable importance. I can mention but two or three of the greatest interest to our readers. Mr. Hadley introduced one providing that, beyond the issue already authorized, our city may loan its credit to the amount of $300,000, in aid of the *Southern Wisconsin Rail Road*, or of any other road or roads which may be disposed to connect with Milwaukee. It is too late in the day for any body to argue the question of the benefit to be derived by our lake cities from the most energetic efforts at obtaining Railroad connections in every direction, and this movement is in a most important direction, and one of the greatest promise.

Another bill, also introduced by Mr. Hadley, seeks to amend our General Banking Law in several important points;—one is, by making the bonds of the cities and counties of this state banking securities, under sundry and various restrictive conditions; another raises the rate at which railroad bonds may be received, to a point which will make it more practicable to use them as banking securities; and the other repeals the submission clause of the General Act, it being considered that that clause is already exhausted in its operation.

Is there any good reason why our city and county bonds, under certain restrictions as to the amount of their issue as compared with the assessment list, and with proper guards as to payment of interest and provision for ultimate payment of principal, should *not* be received as securities for banking equally with the state bonds of Virginia, North Carolina, Georgia, Missouri, &c. Why cannot these securities, issued here at home, under the eye, and within the immediate knowledge of our Bank Comptroller, and the other state officers, be equally safe with the state bonds above mentioned, as a basis for the issue of bank bills? Why are not the bonds of the city of Milwaukee, or of Racine, or of Rock or Dane counties as safe, and as easily looked after, and measures as soon taken for correcting an apprehended depreciation, as in the cases of the far off states named above? In fact, the bill introduced to-day meets with a good deal of favor, and may pass. *Should* it pass, it will be a very great aid to the numerous internal improvements now in progress in our state.

Still another bill introduced was one by Mr. Knowlton providing for a revision of the Statutes. This bill has gone to the printer; I will send you its provisions when I can see it in type.

A certain bill coming up on a motion to suspend the rules, and put it upon its passage at once, Mr. McIndoe asked that the bill might be read "for information." The Speaker said, and very truly, that the House would be no wiser for the reading; for the bill only proposed to amend a certain law, named by chapter, in some manner and by some words meaning nothing except in connexion with the law to be amended. The bill was finally referred. I noticed that the Grand Seignor, from Mukwonago county, being in the House, voted upon this question, but was desired by the Speaker to sit down, and did so; though with a dissatisfied expression of countenance, which may bring Fred over the coals at some future gathering of the O. E. O.

Mr. Mitchell, of Green Co., proposed a resolution, appropriating one day's *per diem* to the Washington Monument. It is a good movement, though I fear that it will not pass, or be carried out. Would that there might be a general movement on the part of the people for the completion of that noble monument to the Father of His Country! It might be completed in five years.

A memorial to Congress has been introduced, asking for the removal of the duties upon sugar. It is contended, and, so far as I have been able to judge by the examination of statistics, with much reason, that the day has gone by when a protective tariff upon this *necessity of life* is needed for the home product, and if so, it is as well perhaps, to put sugar in the free list. By and by, however, we shall have Cuba, and then of course there will be no duty at all upon what I suppose to be the bulk of competing sugars.

THE SMALL BILL LAW IS REPEALED.—It has been done in a roundabout sort of a way, *to-wit*, by passing a new law, "prohibiting the circulation of unauthorized bank paper," almost the same as the law of last winter, but leaving out all reference to *small bills* whatever; and the new bill repeals the law of last winter's session. The new law will be published in the *Argus* in a day or two.

The "bogus session" of 1842 was on the tapis again this morning, a bill to appropriate pay to one of the members coming up. After some discussion, in the course of which the names of Moses M. Strong and Gov. Doty, leaders of the contending hosts in those days, were freely used, shortly, the Speaker read a note from Mr. Strong, who was in the House, asking permission to state the truth as to the session in question at some time. Immediately, Mr. Webster, who was standing by the stove, warming his coatskirts, moved that Mr. Strong be invited to speak. This was carried, and to Mr. Strong's great surprise he was called upon to speak, which he did for a few minutes, making no scruple to tell the House that he thought this a very unusual course. Finally, the bill was postponed till to-morrow evening, when Mr. Strong will doubtless overhaul the "ancient records" with a vengeance.

Mr. Hadley, from the joint committee of the two Houses on the subject of Education, reported the new Code of School Laws favorably, and recommended its passage into a law. It is agreed upon as a satisfactory arrangement of the various conflicting laws upon this subject.

And then came the capital punishment bill again, and Mr. Knowlton, for an hour or so, proceeded against the revival of that penalty. Looking around the Hall from time to time, I could see but six or eight members listening; and, however good a speech Mr. Knowlton's might have been, it is no wonder that, here, at the end of a long session, with hundreds of bills pending, there should be some impatience to get at the vote. No question was taken.

At 3 P. M., the special order, the tax law was taken up, the bill being ready for its engrossment Mr. Davis moved a brief substitute for the bill, which brought the whole subject up for discussion again, and Messrs. Davis, Lake and Orton spoke at length against, and Messrs. Hale, Donaldson, and Noggle in favor of the bill. I learned from Mr. Noggle's speech that the bill is not at all liable to a great objection which has been urged against it. It does *not* compel every man to swear to the value of his property. It does require each man to make out a sworn *list* of his property, and the assessor may value it; at the same time the owner may make oath to the *value* of his property if he please, under the pains and penalties of perjury. If the owner refuses to list his property, then the assessor may put the property down at what he thinks it worth, after due examination, and the owner has no appeal. So that, if the owner wishes to act fairly, and justly, all he has to do is simply to make out his honest list, and show the property to the assessor, and the duty of the latter is to make the valuation.

The objectors to the bill seem to run wild, in a general system of denunciation, but fail in specifying particular objections, very few, in fact, knowing what the bill now is, so many amendments have been made to it. Reading it as above, I believe it is generally a good law, and will result in great good to the state, if it passes. Don't let anybody frighten himself out of his seven senses, until he knows what the bill really is. At present it looks very well. It will be noticed that I differ very materially from "S," our much respected late correspondent; but long before I left Madison, I had expressed a very favorable opinion of the policy of this proposed law.

After the discussion, the question of striking out and inserting was divided, and the House refused to strike out anything, but ordered the bill engrossed, without a division; and then the House adjourned.

The Senate had an evening session, at which a large number of bills, passed by the Assembly in the last 3 days, were read by their titles, and referred to committees &c. W. H. W.

Madison, March 22d, '54.

In Senate this morning, beyond the usual routine of business, there were not many items of importance. The bill providing for the establishment of a State Lunatic Asylum was passed. It provides for the appointment of three commissioners to select a site &c., from 100 to 200 acres with a proviso that if 100 acres or more can be had near Madison at a cost of not over $2500, the location shall be made here. The building is to be planned after the Worcester, (Mass.) Hospital for the Insane, and an appropriation of $15,000 is made towards the building &c. The Governor is to appoint a Superintendent of the Asylum, to hold office for three years, at $1200 per annum.

Considerable time was spent upon the Assembly's bill providing for taxing dogs, and its third reading was finally refused. So "Tray, Blanche and Sweetheart" are safe for another year.

In the course of a call at the Bank Comptroller's office this morning, I learned from Mr. Dennis that the aggregate of the banking capital of our State has been largely increased during the period that he has held office. On the 1st of January 1854, the amount of banking capital was $600,000

Since that time the following banks have filed securities, and are paying taxes:

City Bank of Oshkosh,	50,000
Racine County Bank,	100,000
City Bank of Racine,	50,000
Bells' Exchange Bank, Milwaukee,	50,000
Bank of the West, Madison,	100,000
Bank of Fond du Lac,	25,000
Increased capital of Jefferson Co. B'k,	25,000
Total, March 22d	$1,000,000

The "Bank of the West," the bills of which are now going through the process of signature has for stockholders Messrs. J. Ludington, Geo. W. Chapman, and James E. Kelly; its securities are Michigan and Louisiana stocks.

In addition, the following banks have filed their applications, and will soon be in opperation:

Bank of Commerce, Milwaukee,	$100,000
Fox River Bank, Green Bay,	25,000
Columbia Co. Bank, Portage City,	25,000
Mercantile Bank, Beaver Dam,	50,000
Bank of Neenah, Neenah,	25,000
Dane Co. Bank, Madison,	50,000

The amount of annual tax now paid by Banks of the state is $15,000,

The *Milwaukee County Loan Bill* has passed both Houses, having gone to the enrolling Committee last evening.

In Assembly this morning, Mr. Worthington introduced a joint resolution for the appointment of a joint Legislative Committee to examine and audit the accounts of the State Treasurer. It was adopted, and Messrs Worthington, Hull, and Bernhardt were appointed on the part of the House. I believe it is a fact that there is at present no provision by law for the examination and auditing of these accounts; and, without intending for a moment to cast any reflection upon the faithfulness or accuracy of the present incumbent, I think that it would be more satisfactory to the officer and to the people if the accounts should all be carefully examined and audited annually.

Another resolution introduced by Mr. Ortons elicited considerable discussion. As presented, it directed the State Treasurer to withhold from the counties which are delinquent as to their state taxes, the amount of their school monnies. It was stated that counties are so delinquent, to the amount of $33,000 ($10,000 of which is in Milwaukee county) and that some of the treasurers, while keeping back from the state the amount of tax, for purposes of private speculation, insist upon drawing their school money. Some of the members hold that the school fund could not be so divested and withheld, and Mr. Hadley said that the treasurer of Milwaukee county had been here with $5000 to pay over, but had been allowed to take it back, to be paid over as school money. Finally the resolution was amended so as to require the State Treasurer to give delinquent counties drafts on their treasurers for the school monies. The resolution passed in this form. The constitution seems to stand in the way, but that is a mere *bagatelle* now-a-days, you know.

The Washington Monument resolution was spoken down by Messrs. Knowlton and Lake this morning, and voted down by the members generally. Of course it was.

Among the reports from committees, was a bill from the committee on claims, appropriating $1,000 each to Messrs. Arnold and Knowlton the counsel of Judge Hubbell on the Impeachment trial.

Mr. Davis, of Dodge, [from a select committee, I think] reported favorably or a bill chartering the Fox Lake and St. Croix Railroad Co. Looking at my map, I find that there are now only about 12 charters reaching to the Mississippi, between the 9th and 25th rows of townships, a distance of less than a hundred miles; and it is a great pity if a free people can't have a railroad on every section line.

Mr. Knowlton's scruples concerning the validity of our General Banking Law were fully satisfied this morning by the passage of a preamble and resolution, prepared by himself, declaring that the people of Wisconsin did actually vote in favor of such a law, and accept it. So Wall St. may breathe freely again.

The Code of School Laws, or rather the compilation made by the joint committees of the two Houses, was debated for a considerable time without making any material alteration, and, after dinner, was passed into a law, so far as the action of the House was concerned. It will doubtless pass the Senate, being agreed upon by the committees, in concert with the Superintendent; and is to be published in pamphlet, and distributed to each school district in the State.

The Fox Lake and St. Croix R. R. charter was referred to the committee on corporations.

The bill providing for taxing all the property of the state came up engrossed, and after a few words from Mr. Donaldson, to the effect that, although the bill was imperfect in some points, it could be amended in the Senate, the bill *passed* by the following vote, and a reconsideration voted down:

Ayes.—Messrs. Bartlett, Beecroft, Bell, Colley, Donaldson, Earnest, Eustis, Fox, Hadley, Hagerty, Hale, Hull, Harrington, Head, Jeffrey, Joiner, Knowlton, Kyle, Lees, McCormick, McIndoe, Mitchell, Morrison, Nichols, Noggin, Norton, Parker, Parkison, Reinhardt, Remington, Rood, Rosenthal, John Smith, Tallmadge, Terhune, J. L. V. Thomas, Tosy, Topliff, Wheeler, Wright, Horn, Speaker,—41.

Noes.—Allen, Atwater, Barnes, Barney, Boerner Bernhart, Crawford, Davis, Desmoyer, Gary, Gibson, Hart, Hooker, Ketchum, Lake, Lavis, Mathes, Matts, McCracken, O'Neil, Orton, Purple, Reed, Rich, Schantz, Scott, Spafard, Tobin, Torbert, West, Worthington, Zimmerman,—32.

The Calamine Railroad charter passed, after various vain attempts by Mr. Joiner, of Iowa, to get it so amended so as to prevent the company from using the Iowa Co. bonds. The road begins on the Mineral Pt. R. R. somewhere south of that place, and runs up to the Mississippi somewhere within 20 miles, or thereabouts, of La Crosse.

The Capital Punishment Bill came up, and Mr. Knowlton offered a substitute, providing for the infliction of the death-penalty, but after an imprisonment of 10 years,—and giving the prisoner 24 peremptory challenges. Elder Lake made a bold speech in favor of the policy of capital punishment, closing by saying that "he expected to be pitched into." "Upon the word, accounted as he was," Mr. Lees "pitched in," with a long speech upon this highly novel subject, expressing a piteous sympathy with the criminal, and none at all with the victims of the crime. Mr. Wheeler of Richland Co., followed on the other side, and Mr. Knowlton obtained the floor, but gave way for adjournment to 7 P. M.

In the evening we had Moses M. Strong, for an hour or two, setting history right in relation to the well known *bogus* session of 1842, for which great hopes are felt of an appropriation.

The Rock River Canal Co., is here with a strong lobby, a soft tongue, and full of hope. Perhaps it will succeed this time better than it did last years when the House stood about 9 to 53 on the subject of its desires. W. H. W.

Correspondence of the Buffalo Morning Express.

Chicago, March 17, 1854.

By a recent examination of the quantity of grain in store on this Lake shore, estimated to the 1st of April, it is found that there will be, at that time, about 800,000 bus of wheat and 70 to 80,000 bbls of flour. A large portion of the flour will be required for supplies to the pineries and lumber regions. The quantity of wheat in the country will be light, the high prices during the winter has called out nearly all, and in many sections there is not enough left for seed and consumption. Farmers are buying spring wheat more or less for seed in this market. There is no wheat or flour of any consequence on Michigan side of the Lake; the white wheat of Michigan was worth too much in the hurry for shipment to justify flouring, and the high price for this article has called it nearly all out of this section, so that one million or one and a quarter million bushels from Lake Michigan may be considered the extent of its shipments in wheat and flour before another harvest.

Oats are very abundant and there is now over 300,000 bus in store here, and probably about the same amount elsewhere on this lake.

Corn is very abundant, the winter and early spring is not the time for this crop to come into market in its full flow, it is an article which takes the midsummer trade usually. There is generally much shipped from the ports north of here, but if the present price (say 50c ₱ bu.) is sustained here during the season, Chicago alone will ship from 6 to 7,000,000 bushels the coming season.

The amount of Barley and Rye is not large, perhaps 100 to 150,000 bushels in all, so you see that while aggregate amount of grain of all kinds is very large, the amount of wheat and flour is exceedingly small, not over half the average of former years, particularly from 1844 to 1850, when the spring accumulation at Chicago was about equal to all there will be on the Lake, on the first of April.

FREIGHTS—Vessels have been chartered for the first down trip during the winter at all prices, from 8 to 16c for wheat to Buffalo, and from 15 to 20c to Oswego, and from 20 to 26c to Montreal for corn. The present aspects for high freights are rather unfavorable. The fact that the lower end of Lake Huron, St. Clair river and Lake are entirely free from ice, and that Michigan as far north as has been heard from, as also Saginaw Bay, are all free from ice, indicing the belief that the straits are also free or will be very soon, has had a very decided tendency to a relaxation of the hops of very high freights the first trip or indeed during the summer. There are in port about 60 grain vessels and propellers capable of taking off about 700,000 bush of freight.

The Illinois Canal is being filled with water to day. A large number of boats now loaded on the Illinois River have arrived at Peru, awaiting the filling of the Canal, all of which will be here laden with Corn by the 20th inst.

Yours, COMMERCE.

Latest Appearance of Monsieur Tonson.

There is now pending in the Assembly a bill which has already passed the Senate, providing for a final settlement with the Rock River Canal company. *This* is an old claim which has been pending for ten or twelve years past, we believe, and no legislature has yet been so corrupt or so negligent of duty as to allow it. Persons who have long been familiar with the whole matter, declare that it has no foundation in justice whatever.

The present bill provides for the appointment of three commissioners to make a final settlement with the company. It is a very innocent lamblike affair on the outside. Nothing could be more plausible. A number of "lobbies" are here attending to it, and we presume they intimate to members that there is quite as much probability that the company will be found indebted to the State as *vice versa*. They are disinterested men. Lobby members usually are. They never were known to have any regard to their own interests. The demands of justice in the abstract, the furtherance of the general interests of the State, are all they were ever known to favor. Patriotism is their predominant trait.

A bill of the same character was introduced in the Legislature at the last session. Lobbies of the same self-sacrificing dispositions beset its members. The claws were covered up until it looked nearly as harmless as the present bill.—The members of that body will remember the power and eloquence with which it was opposed by Mr. Tweedy of Milwaukee and the clear exposition of the designs of the company, and the impropriety of the mode of settlement proposed, which he made at that time.—The bill was lost, and that no injustice might be done, a law was passed allowing suits to be bro't against the State in the Supreme court. This was done for the express accommodation of the company. No matter how honest or honorable the gentlemen may be who are proposed to act as commissioners, it is setting a dangerous precedent. There is no place where the rights of all parties are better guarded than in a court of law, under the beneficent restrictions of that system, which is based upon the wisdom and experience of centuries. There is no more doubtful and precarious mode of settling difficulties than by arbitration, or a commission as contemplated by this bill. Justice may be done or it may not. Guided by no rules, without any restrictions, the result depends upon the caprice or will of the arbitrators. It is precisely for this reason that the company have declined taking advantage of the fair and legitimate means provided them for obtaining justice; and now insult the good sense of this Legislature, by asking them to appoint commissioners to settle their claim.

Do the members of the Assembly doubt the ability or the fairness of the judges of the Supreme Court? Do they not believe that justice will be quite as certain before that tribunal, as when it depends upon the arbitrary and perhaps capricious decision of a commission? We should like to hear a single argument in favor of the latter, which would not apply with double force, in favor of a proper mode of settlement, as provided for in the statutes, and in accordance with those principles of law which have their foundation in reason, and the widest experience.

This claim is no unimportant matter. If it is anything, it will amount to at least $75,000, and quite as probably $300,000. The proposition to submit the decision of a matter so momentous to the arbitrary decision of three men, governed by no restrictions except their own ideas of propriety, and from whom there is no appeal, thus setting the precedent for settling other claims in a like manner, is so impolitic and preposterous that we cannot believe it will meet with any favor whatever, from a body of intelligent and honest men, such as we are bound to believe are the members of the Assembly, the direct representatives of the people.—*Madison Journal.*

SAD ACCIDENT AT WATERTOWN.—We learn from Mr. Vail of Port Washington, who passed through Watertown on Wednesday, that three persons were drowned there the night before. Two of them were ladies who were riding in a buggy with a gentleman, whose name we did not learn, but who was engaged to one of the ladies. The night was very dark and the gentleman supposing that the horse could find the way, let the reins loose, when the horse went off the road into a mill race. The gentleman escaped, but the ladies were drowned. The top of the buggy was up and they were drawn under by it. Their bodies were recovered.

The same night a lawyer named Emmons was drowned in the river. His office was near the river, and it is thought he accidentally stept in His hair was seen floating on the water by some boys, which caused the first suspicion.—*Morning News.*

P. S.—We understand from a gentleman just from Watertown, that one of the young ladies was a daughter of the late Dr. Morrison, and the other Mrs. Wilson, whose husband is in California.—*Wisconsin.*

WISCONSIN RIVER.—There has been quite a strife in the Legislature at this session, between the representatives of interests on the lower and those of the upper Wisconsin river. The latter have labored hard to prevent and remove the legal obstructions, in the way of chartered bridges and dams, to the free navigation of the River.

The last struggle was decided in the Assembly yesterday, by the grant of a charter to the Sauk City Bridge Company. A former attempt to repeal the charter of a dam near Dalton, decides, we suppose; the policy of the State.—*Madison Argus.*

Offer to Establish Ocean Penny Postage.

To the Editors of the National Intelligencer:

GENTLEMEN: Not only have facts and arguments been brought forward which have convinced a large portion of the community in this country and Great Britain that an ocean penny postage will *pay*, but an offer has been repeatedly made by private enterprise actually to convey letters across the Atlantic for *two cents* apiece.—Aye, more; this has been done for several years. Indeed, there is a positive enactment in the post office laws of the United States which fixes the ocean transit service on letters at *two cents* when performed by sailing vessels. But now there is almost a fleet of powerful screw steamers plying between the United States and Great Britain, making the transit in about fifteen days on an average. These are ready, doubtless, to convey all the letters that cross the Atlantic for two cents per half ounce. Here is the second letter from the agent of one of these companies, in which he reiterates the offer to perform this transit service for this low consideration:

"GLASGOW AND NEW YORK STEAMSHIP CO., }
"New York, January 4, 1854. }

To the Editors of the Evening Post:

GENTLEMEN: The graphic article from the pen of Elihu Burritt, in your paper of last evening, regarding the Captain of the steamer Golden Age conveying *bushels of letters free of charge*, by his ship from England to Australia, suggests to me the possibility of helping forward the universal boon of the ocean penny postage by making public the fact that, for over two years, the Glasgow and New York Steamship Company (for which I am agent here) have been carrying bushels of letters across the Atlantic, "free of charge," by their Steamship *Glasgow*. These letters, however, we are obliged instantly on arrival, at our own trouble and expense, to deliver to the post offices here and at Glasgow, the captain receiving a cent or two each letter, I believe, on the "*ocean postage*," charged to the receivers.

"I may repeat to you, what I stated to Mr. Burritt some months ago, that the *"Glasgow,"* an iron screw steamer of 2,000 tons measurement and 400-horse power, has made her passage regularly, winter and summer, in from twelve to fourteen days; that the *'New-York,'* another vessel, 500 tons larger, 100-horse power more, and expected to be at least thirty-six hours faster than the Glasgow, is now building, to be on the berth by April next; that other ships will be added to the line as the trade between the two ports may require; and that we shall only be happy to carry at all times *full cargoes* of mail bags at the rate of one penny per letter, without asking the first cent of any further grant from either Government.

"I am, sir, your, very truly,"
J. MCSYMON."

Here, Messrs. Editors, is a fair offer, on the part of one of these steamship companies, to convey *two cents* apiece. The letter in which he first made this offer was read in the British Parliament last winter by the Rt. Hon. T. M. Gibson, M. P. It has been widely published in the journals in Great Britain and in the United States. Other steamship companies are doubtless prepared to enter into the same arrangement. Thus the inestimable boon of an ocean penny postage is offered, over and over again, by private enterprise. To millions in this country and in foreign lands it would bring a dew of gladness to the most precious gem of home affection. It would bring a joy to their humble homes that could not be "noted out in words, or weighed in language." Why, then, withhold it from them? Why longer tax the commerce of their affections with the cruel, crushing tariff that now weighs upon its current like a barrier of ice? Why longer retain this almost wanton restriction upon their heart-communings across the sea?

ELIHU BURRITT.

WASHINGTON, March 9, 1854.

New Hampshire.

We have returns from 204 towns, which give the following aggregates:

Bell	16,834
Perkins	11,001
	27,835
Baker	28,630
Majority	795

In the same towns last year the vote was: Bell, 17,008; White, 7900; Martin, 29,623; Democratic majority, 4706. This shows a net Democratic lose of 3911, as compared with last year, notwithstanding the fact that Mr. Baker is personally the most popular man in the State, and every where ran ahead of his ticket. Eighteen small towns are to be heard from, which last year voted as follows: Bell, 209; White, 92; Martin, 1043. If these have now voted at last year, which is not probable, Baker's majority in the whole State will be 1537.

The Whigs have elected their Senators in districts 3 and 9. In districts 5 and 7 there is no choice. The Locos have carried 1, 2, 4, 6, 8, 10, 11 and 12, one by fifty votes and 2 and 11 by less than a hundred. The Whig majority in the 9th is large enough to have carried four of these districts, and left enough to spare.

To the House, so far as ascertained, the opposition have elected 154 members, and the Democrats, (inclusive of twelve of Burke's Old Guard, who are anti-Administration,) 143. There remain but nine small towns to be heard from, which cannot give the control of the State to the Democracy. The administration have lost New Hampshire. Even seventeen hundred dollars could not save it. The Concord Regency are pulverised. Messrs. Norris and Williams, you may retire to private life. Harry Hibbard, your aspirations to the Senatorial honors are doomed to a second disappointment. Mr. Welles must share in the same disappointment, notwithstanding the lavish expenditure of funds made in his town and neighborhood. Our brother of the Patriot must take that big rooster out of his columns.—The air of Nebraska has been the death of it.—The personal popularity of Col. Baker alone has exempted him from the general wreck.—*Boston Atlas, March. 20.*

THE WHEAT CROP.—A correspondent who has been through Genesee county, and as far north as Flint, states that the wheat crop looks remarkably well in that locality, and better in all the country through which he passed than it does in this county, where it looks injured from the effects of the want of snow. There are also large quantities of wheat sown in the northern counties this season.—*Detroit Advertiser.*

FLOUR FOR DUNKIRK.—The railroad dock yesterday presented a business appearance. The propeller Falcon of J. L. Hurd & Co's line, was taking on board her first cargo of flour for Dunkirk, for the season of 1854. She will sail just as soon as there is a prospect of the removal of the embargo which Jack Frost has laid on the harbor.—*Detroit Advertiser.*

THE NORTH-WEST.—This portion of our State is rapidly filling up. The following is an extract from a private letter, dated Hudson, (formerly Willow River,) St. Croix county, March 10th, 1854:

"This part of Wisconsin will soon attract attention, and will this season settle rapidly. Our village now numbers at least 700."—*Madison Journal.*

An Earthquake.

New Orleans, March 20.

A severe shock of an earthquake took place at Macon, Georgia, this morning which lasted forty seconds. Citizens greatly alarmed.

☞ The Empress of France has a first Louis has been smitten with the charms of an English lady named Smead. At the last ball given at the Tuileries—which, by the way, cost the city $25,000—the Emperor paid to her so much attention that the Empress has forbidden her admission to the Tuileries! A letter-writer in describing the conqueror (Miss Smead) says:

She is the most thoroughly, perfectly beautiful woman I have ever seen, either in Europe or America. Her type is altogether English; she has the fair complexion, the light hair, the blue eyes, which are characteristic of the nation and a trifle of that *embonpoint* which a lady may have to advantage, even at twenty-one.—In form she is faultless, and in manners she is a model. Every one seemed to know the circumstances of the late flirtation at the palace, and consequently when she walked she was followed by a retinue; when she stopped she was the centre of a dense groups of worshippers, and when she sat, all circulation was rendered impossible, and the passages to and from her were blocked up hopelessly. She bore it with unbroken equanimity, hardly noticing that she was the object of an unusual remark; she had learned that a beautiful woman is doubly beautiful when unaffectedly simple. I have never dreamed of such wonderful perfection; certainly no painter has ever created, from the depths of his imagination, and out of the funniest suggestions of an inspired fancy, a face so adorably lovely; there is not another like it, except, perhaps, in Circassia, or at Baltimore. Heigh ho! The Empress has good reason to be jealous: she herself is far less handsome.

Office of the Commercial Advertiser, }
BUFFALO, March 19, 1854. }

OPENING OF THE CANALS.—We hear it stated that it is probable the Canals will not be opened before the first of May, as the great quantity of frost remaining in the ground, in consequence of the very little snow that fell during the past season, renders it impracticable to open them before that date. It is claimed that there is more frost in the ground at the present time than there has been for the last twenty years.

GRAIN BY CANAL.—Yesterday the first canal boats for the season arrived with Wheat Corn and Oats. More are soon to follow, and the rushing in of produce through this avenue of commerce will impart life and activity to business which has long been wanting. There will be a great demand for warehouse room here should the Straits open late, as Corn will pour in like a flood during the next four weeks.—*Chicago Press, of Monday.*

NEW YORK, March 23d.

The Pacific has arrived. FLOUR has advanced 6d. to 1s. Wheat market advanced. Corn advanced 6d. Cotton firmer. Money easy at previous rates. A. & W.

N. Y. March 23d.

It is RUMORED that Kalafat has been captured by the Russians, who massacred all the inhabitants. A. & W.

New York, March 23.

By a telegraph despatch from Sandy Hook we learn that the news by the Pacific presents no new feature of importance with regard to the Eastern war question.

The Liverpool Market for Breadstuffs has recovered the previous depression, owing partly to the Russians having prohibited the exportation of Grain from Odessa and the sea of Azoff. We quote existing rates as follows: Western Canal flour, 39s. Wheat limited request, but on the whole firmer; White 12s—Indian Corn, 6d dearer. Provisions unchanged. H.

DETAILS of PACIFIC'S NEWS.

RUMORED CAPTURE OF KALAFAT.

War Preparations in England.

LIVERPOOL MARKETS.

New York, 23d—8 P. M.

The *Pacific* from Liverpool the 8th, arrived at her dock at 7½ o'clock this evening. The Africa and America arrived out on the 7th. The clipper ship *Lightning* arrived out on the 4th in 13 days from Boston.

The position of affairs is quite unchanged. No battles had taken place on the Danube, except 2 columns of Russians attacked each other in the dark, in a mistake for Turks, and killed 100 before the mistake was discovered. Small skirmishes continue between Turks and Russians. Nothing new from Asia.

The Greek insurrection was almost checked.

U. S. Minister had presented his credentials to the Sultan and made an address assuring the Sultan of the sympathies of the people of the United States.

The British Chancellor of the Exchequer proposes to double the income tax, and the French minister of finances to borrow 25,000,000 francs to meet the expenses of war.

War preparations are going on in England.—The first division of the fleet will sail in a day or two. The French Gov't advertise for one hundred ships to embark troops and stores for the east. Earl Londonderry is dead. More difficulties had occurred at Preston with the operatives. Dixon & Co. of Glasgow had failed—their liabilities are 200,000 pounds. Mr. Soule is said to be in high favor with the Queen of Spain.—The Spanish insurrection is suppressed. Austria still slightly wavers, and Prussia refrains from announcing what course she will pursue.

LATER.—The London Morning Herald of the 4th in its 3d edition reports that Kalafat had fallen and the garison had been masacreed. This news created great excitement. The truth of it was doubted.

MARSEILLES, 7th.—Corn has risen 2 pence on account of the Russian prohibition.

LONDON 7th.—Frost, Williams and Jones, the chartists, are pardoned.

PARIS 1st.—France and England are said to have decided to prevent any movements in Italy.

PARIS, 7th.—The loan of 25,000,960 francs was unanimously authorized.

MADRID, 7th.—There are vague rumors of a misunderstanding between England and Spain, and the probable recall of Mr. Istwix. The Russians have made the first approaches against Kalafat.

Provisions no change—Lard declined 1s2s with out leading to much business—Tallow quiet—Clover Seed dull and lower.

London Money Market.

Consols closed 91¼@91½ for account 91⅛@91⅜ for money.

LIVERPOOL, March 7.—Breadstuffs had recovered from their depression and are re-established at about former rates. McHenry also Richardson Bros. and others report flour in fair demand. Western at 39s; Philadelphia, Baltimore and Ohio at 39s@40s in store. Wheat in limited request, rather irregular but firm; prime white 12s Indian Corn in store in demand, 6d dearer; good yellow held at 46s; fine white 48s.

EVENING DISPATCH.

Reported for the Sentinel.

NEW ORLEANS, 23d.

We have dates from the city of Mexico to the 9th of March. The papers are occupied with but two topics, the rebellion at Alvarez and the Gadsden treaty. Alvarez has been deprived of his honors. The Garrison and people had deserted him and declared allegiance to the Government. The rebellion was considered to be entirely crushed. Ampudia has been created Lieutenant General. The provinces of Durango and Zacatecas were still ravaged by Indians. A great battle has been fought in which many Indians were killed.

Nothing of importance has been received concerning Walker's expedition. Gen. Blanchard had been dispatched to lower California with 700 men.

LATER FROM CALIFORNIA.

New Orleans, 24th.

California news important. Advices of Walker's expedition 15th Feb. Ships Columbia and Portsmouth arrived at Euquada 14th, Walker spiked their guns and started for Santornas with 140 men and one field piece, leaving behind the sick and wounded. Many troops deserted, and those remaining were despondent and had abandoned all hopes of success.

Mining accounts exceedingly favorable. The quantity of gold dug is the largest for many months, all miners prospering. Indians, from the interior, arrived at Panama, say that Straw's party was killed by wild beasts. The story is not believed, it is supposed that the party was killed by Indians.

Markets at San Francisco exceedingly depressed

New York, March 24.

On Wednesday morning an attempt was made by two persons to assassinate Mr. Cassiday, editor of the *Crusader*, an anti-Bedini paper, while in his own office. The attempt was the result of a conspiracy of which he had received warning, and consequently had policemen in waiting. The conspirators were arrested and committed.

Baltimore, March 24th.

We have no mail to-day south of Mobile.

A letter from Senator Clemens, appears in an Alabama paper, explaining his opposition to the Nebraska bill, in which he says President Pierce, a few days ago in conversation with a Northern Senator and himself, expressed a decided opinion that the Douglass' bill was a proposition in favor of freedom—adding further that if it should pass although we might absorb the whole of Mexico not another slave state could ever enter into the Union. The President also expressed great surprise at the opposition the bill met with at the North and equally surprised that the south would accept it.

Washington, 24th.

The Senate is engaged on private calender.—In the house the Senate bill, extending the warehouse system, was amended and then passed.—Col. S. R. Hobbie, assistant P. M. Gen'l, died this morning, after a severe illness.

The case of Col. James Collier, of Ohio, the alleged defaulter as Collector at San Francisco, under Gen'l Taylor, is to be tried at N. York the 1st Monday in April.

The Gadsden treaty has been under consideration in the Senate to-day—House—in Committee of the Whole on the Indian appropriation bill.

NEW YORK MARKET.

New York, March 24.

Flour—Market for Western and State 12½¢ cts. higher under the favorable news by Pacific, with active demand from the trade—canadian nominal at 7,25a7,37; sales western canal 4900 bbls. at 7,37a7,44 for common to straight state 7,37a7,75, for mixed to fancy Michigan and common to good Ohio.

Grain—holders of wheat firm, in the absence of sales prices would be nominal. Rye nominal at 1,00. Oats plenty at 48a54 for State and Western. Corn 3c higher, good demand for export and home use; sales 44000 bus at 78a82 for sound mixed and closing at outside figures—Whiskey has improved; sales 247 bbls prison at 24a24½, closing firm at outside figures.

Provisions—Pork steady at decline of yesterday; demand moderate—sales at 15,37a15,44 for mess—12,75a13 for prime. Beef continues firmer—moderate demand at 14 for repacked Chicago —6a8 for country and city—prime mess firm at 20a24. Beef hams scarce at 15a17—cut meats heavy at 6 for shoulders—8 for hams. Lard firm at 9¼a9¾. Butter and Cheese unchanged.

Auburn, March 24.

An effigy of Senator Douglas was found hanging on a tree, on Genesee street this morning, with the words,—"Stephen Arnold Douglas hung for treason," attached.

North ½ of Lot 12, Block 152, corner of East Water and Knapp streets, with a Two Story Frame House, 1st Ward, 36 feet front, 120 deep.

South ½ Lot 19, Block 25, 3d Ward, Jefferson street, with Dwelling House, Lot filled to Grade, 30 feet front, 120 et deep.

Middle ¼ of quarter block 39, 1st Ward, 60 by 120.

40 acres of land, 8 acres in timber, balance partly in cultivation, S. E. ¼ of N. W. ¼ Sec. 10, T. 7 R. 22 East, one mile north of City Limits and half a mile from Lake Shore.

77 99-100 acres well timbered land, 10 acres only cleared and under cultivation, (two years,) in fractional Section No. 1 of Sec. 3, T. 7 N. 22 E., 2¼ miles from City and immediately on Lake Shore.

Farm of 82 acres in town Franklin, W. ½ N. E. ¼ Sec. 15, T. 5 N. R. 22 East. 30 acres under cultivation, remainder heavy timbered, good title. 17 miles from City, ½ mile from (West's Saw Mill,) a good Frame House on the cultivated part.

Also, Lot 11 Block 149, First Ward, corner of East Water and Ogden streets, 50 feet front, 120 feet deep.

All the above Property, or any part of it, can be purchased on Terms one-third down, balance in 1 and 2 years, 7 per cent interest.

Now is a chance to make a Great Speculation.

QUEEN'S PATENT

PORTABLE

FORGE

AND

BELLOWS.

THIS FORGE can be set where most convenient for light and room, and the smoke conducted to the Chimney by a Pipe.

There are six sizes of Blacksmiths, Coppersmiths, &c. Forges, and five sizes of Jewelers, Dentists and Chemists.

It is compact—the Tuyer Iron is of a superior construction—heats the fire in the quickest manner—the wind escapes from the hot-air chamber through several holes in the Tuyer cap, which being under the fire, prevents the Tuyer from getting filled up with coal and ashes, as it is where there is but one opening. For out-door work and for safety in-doors, this Forge has great advantages over others, having two Slides by which the Forge can be closed by shut up, and for safety and many purposes in-doors, (particularly for Jewelers, Dentists and for chemical operations,) all the fumes from charcoal and acids being conducted through the smoke-pipe, when open they are entirely out of the way. It is also so constructed that fire or water cannot ignite the Bellows, which is in the cylinder under the fire bed.

It is the best Forge for Contractors on Railroads, Public Works, (for making repairs on the same,) and for emigration to new countries, ever offered to the public, and are successfully used in most of the Steamers and also by the U. S. Army and Navy.

PATENT MEDICINES.
MEDICATED INHALATION.
A NEW METHOD.

A MOST WONDERFUL DISCOVERY has recently been made by Dr. CURTIS, for the cure of Asthma, Consumption, Bronchitis, Coughs, Colds, and all Lung Complaints, by medicated inhalation. Dr. CURTIS'S HYGEANA, or INHALING OXYGEAN VAPOR and CHERRY SYRUP, has accomplished the most wonderful cures of Asthma and Consumption in the City of New York and vicinity for a few months past, ever known to man.—It is producing an impression on Diseases of the Lungs never before witnessed by the medical profession. [See certificates, hundreds of agents.]

The Inhaler is worn on the breast, under the linen, without the least inconvenience, the heat of the body being sufficient to evaporate the fluid—supplying the lungs constantly with a healing and agreeable vapor, passing into all the air cells and passages of the lungs that cannot possibly be reached by any other medicine. Here is a case of

ASTHMA CURED.

BROOKLYN, N. Y., Dec. 20th, 1853.

For about eight years I have been severely afflicted with the Asthma. For the last two years I have scarcely slept all my powers of description; months at a time I have not been able to sleep in a bed, getting what rest I could sitting in my chair. My difficulty of breathing, and my suffering, was at times, that for hours together my friends expected each hour would be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief. I at length had the good fortune to procure Dr. Curtis's Hygeana or Inhaling Oxygean Vapor and Cherry Syrup. At the time I first obtained it I was suffering under one of my most violent attacks, and was in great distress, almost suffering for want of breath. In less than ten minutes from the time I applied the Inhaler, my stomach was relieved, a copious fall of the Cherry Syrup, I was relieved in a great measure from the difficulty of breathing, and had a comfortable night. I have since continued it with the greatest possible benefit, and am now comparatively well. I feel fully proven the amount of suffering this medicine has relieved me from. My advice to the suffering is,—TRY IT.

CONSUMPTION CURED.

NEW YORK, Dec. 27th, 1853.

I came to New York in the ship Telegraph; my native place is St. John, New Brunswick. When I reached this city, my health was very poor; had a very bad cough, raised a great deal of matter, which was frequently mixed with blood; had pain in my left side, and was very weak and emaciated. My friends and physicians pronounced my case Consumption, and beyond the reach of medicine. I accidentally heard of Dr. Curtis's Hygeana, or Inhaling Oxygean Vapor and Cherry Syrup, and obtained a package, which I verily believe was the means of saving my life. Soon after wearing the Inhaler, I found it relieved the pressure on my lungs, and after a while the disease made its appearance upon the surface. I then went under Dr. Curtis's Cherry Syrup as directed, and continued to do so, and gradually growing better, until it entirely left me, and I now consider myself cured. I still wear the Inhaler, as the use of it is healthy and pleasant, and allowing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it.

JOHN WOOD.

Sold by BOYD & PAUL, No. 40 Cortlandt street; C. H. RING, corner of John street and Broadway, N. Y. Price $3 a package.

N. B.—Any person inclosing $3 to BOYD & PAUL, or CURTIS & PERKINS, New York, will receive a package containing a bottle of Oxygean, one of Cherry Syrup, and an Inhaler, in a neat box, by express, free to any part of the United States; or four packages for $10. feb2 1y&w

The Greatest Discovery of the Age.

PROFESSOR WOOD OFFERS FOR SALE A perfect HAIR RESTORATIVE. It will in a short time restore the Hair which has become gray permanently to its original color—bring it out where there is a great it where it is falling off—clean the head of the dandruff and itching—removes all cutaneous eruptions, and renders the scalp perfectly healthy by restoring the nervous organs to their healthy action. It is also the best and only preparation in the world for the permanent dye to change the hair, beard, or whiskers to a beautiful brown or black, without discoloring either the hands which apply it, or the dress on which it drops. It would, therefore, recommend its use to every one desirous of having a delightful restorative to their

WILSON KING.

ST. LOUIS, June 29, 1853.

Prof. Wood—Dear Sir:—As you are about to prepare and vend your recently discovered Hair Restorative, you request my opinion of it. I will state that my hair was a few months since, very gray, and after using two bottles of your Hair Restorative it assumed its original color, and since its application all dandruff has disappeared from my head, and I have been troubled with no disagreeable itching of the scalp. I am satisfied that those who use it will not regret it, as it gives the hair not only its original color, but it gives it the appearance of having been recently oiled. I am prepared, therefore, to recommend its use to all who are desirous of having a beautiful head of hair.

H. L. STEWART.

The following certificates speak for themselves, as the gentlemen whose signatures are attached, are known to thousands:—

ST. LOUIS, September 29, 1853.

Dr. O. J. Wood—Sir:—I have used nearly two bottles of your Hair Restorative, and have found it entirely satisfactory. It has entirely destroyed all dandruff from my head and has restored my hair to its original color, which had become quite gray. WM. TRUESDALL.

ST. LOUIS, September 29, 1853.

Dear Sir: By the advice of a friend of mine, who had been using your Hair Restorative, I was induced to call and discovering, to my great astonishment, that my friend's hair, which, when I last saw him before, was very gray, had been completely restored by the magical power of your Restorative, giving appearance and it and w years ago.

I commenced using the Resto ago, and am perfectly convinced that it will do. the desired effect, it having restored the color of my hair, more than half of which was white, to precisely its former color when I was twenty years old, with much beauty and glossy appearance. I have no hesitation in recommending it to my friends and the public generally, believing that if used according to directions they will not be disappointed. Yours, very respectfully,

N. S. HOLMAN.

BELMONT, June 10, 1853.

Prof. WOOD—Dear Sir: Since you requested me to give you a statement of the effects of your wonderful restorative upon me, I cheerfully state, in reply, that I have now used three bottles of it, and although my hair when I commenced its use was a silvery white (my age being sixty-four), in one month's time it had resumed precisely its original color and so perfect that my friends all thought I looked twenty years younger than usual, and scarcely knew me for one of what they considered a perfect miracle, until I informed them it was but the result of an in ension of years called Hair Restorative. I will also state that I was much troubled with dandruff and itching, particularly when in my pulpit; but it only required three or four applications to remove all dandruff and itching; and although my hair had fallen off quite badly when I began to use it, I now have as fine a head of hair, both in color, soft ness and luster, as I had when but a youth, and quite as abundant. It is perfect for me to state that I consider the Restorative as invaluable, and used none since January. I have no doubt therefore but what the change is a permanent one; I can therefore recommend it as the most wonderful discovery of the age in which we live.

Extract of a letter from R. Thorn, Sheriff of La Salle county, Illinois:

OTTAWA, Ill., August 2), 1850.

Prof. O. J. Wood—Dear Sir: Yours of June 21st, accompanied by a bottle of your Hair Restorative, was received. I very soon thereafter commenced using it, and it has entirely restored my hair to its natural youthful color. There is considerable inquiry for the article, &c.

Very respectfully, yours, R. THORN.

Prepared and sold at No. 121 Market street, between Fourth and Fifth, St. Louis, Mo. A very liberal discount made to wholesale purchasers.

Beware of counterfeits, as it is so astonishing in its effects it is already being counterfeited, but called by different names.

HIGHLY IPMORT ANT ANNOUNCEMENT.

To the Afflicted Everywhere,

DR. A. L. ADAMS' LIVER BALSAM COMES GREETING!

DR. A. L. ADAMS' NEW CURE FOR DISEASE is awakening the inquiry in the minds of all who read it. For years Americans have been so long and so lavishly immured in darkness and ignorance on the subject of disease.

DR. A. A. ADAMS' LIVER BALSAM.

The great Panacea of Disease is offered to the afflicted of the States and Territories for the entire cure of Liver Complaints in all stages, Bilious Fevers, Agues and Fever, Chronic Lung Fever, Dropsical Affections, Coughs, Consumption, Asthma, Jaundice, Bowel Complaints, Diarrhœa, Dysentery, Rheumatism, Piles, Scrofula, Salt Rheum, Dyspepsia, General Debility, Nervousness, Costiveness, Indigestion, Female Complaints, &c.

Dr. A. L. Adams' Liver Balsam now sustains the high esteem reputation of any remedy before the public and has proved to the most skeptical, beyond a shadow of doubt that it is the only reliable medicine ever discovered (being entirely vegetable) for the permanent cure of the above disease. The most skeptical have become its most sanguine votaries, and pronounce the Liver Balsam to be the only reliable and safe remedy for health to the afflicted everywhere.

Testimonials come up from every part of the land, swelled with expressions of gratitude for the relief received by its use. And, in submitting this, the Liver Balsam to the consideration of those suffering under the iron grasp of the monster disease, and at once procure one bottle of Dr. A. L. Adams' Liver Balsam.

The most careful attention is called to the perusal of the Medical Circular, which will be obtained of every agent throughout the United States, giving a clear epitome of the nature and cure of disease; also, of certificates of those who have tested its wonderful ascendency over the disease to which we are all subject.

G. E. Scott, General Agent, No. 67 Randolph st., Chicago, Ill., to whom all orders must be addressed to receive prompt attention. feb19 4y

THE
BUFFALO EIGLE IRON WORKS CO.
Propose to pay Particular attention to
Architectural Iron Work.

WE are prepared to Manufacture IRON FRONTS for Store Buildings, with the

Patent Fire Proof Rolling Shutters.

These Shutters are the same that are now so generally used in New York, and may be put in any Window, Small or Large, and if attacked before arrival of the building, may be used without in the least affecting the style of Architecture. They make the only perfect Fire Proof Shutters, and do not appear to the eye when rolled up.

When desired we will furnish the Iron for Store Fronts, (with or without the Patent Shutter,) with estimate for the Cost of the work finished ready for delivery. To our Western friends who think extravagance to be undesirable, for they thus are enabled to know without experiment what the Front is to be, and what it is to cost.

When the Patent Shutters are used we will furnish a man to superintend the erection of the Iron Front and the setting of the Shutter.
